

# MATH PLAY at the PARK

## Same or different?

What makes them the same?

What makes them different?

Keep going! Can you think of another idea?

## Find...

### SHAPES

How to Play:

"I see a **cone**! I see a **sphere**!  
What shapes can you find?"

As you explore the park look for a sphere, a cone, a cube, and a cylinder.

Talk about what you see!

### OPPOSITES

How to Play:

"The bird is up **high**! The fence is **far**! What can you find?"

As you explore the park look for something high, low, near, and far.

Talk about what you see!

### WAYS TO GO

How to Play:

"I can cartwheel **on** the grass!  
I can crawl **under** the slide!  
Where can you go?"

As you explore the park go over, under, in and on.

Talk about where you go!

Play these games anywhere!
